# About I-TECH India

---

UW International Training and Education Centre for Health Private Limited (I-TECH India) is a public health organisation working towards strengthening health systems and catalysing data-driven interventions that are responsive to local needs and promoting accessible, affordable, and sustainable healthcare systems for all.

I-TECH India follows a technical assistance framework that guides the provision of technical assistance towards total ownership and sustainability.

I-TECH India is affiliated to International Training and Education Centre for Health (I-TECH), a global network of 16 countries, based in the University of Washington's Department of Global Health at Seattle, Washington, USA.

## **Our Vision**

---

Our vision is to transform the healthcare experience through the culture of quality and caring service, innovation and excellence and be recognized by patients, volunteers, and the community.

## **Our Mission**

---

Our mission is to improve the health status of communities we serve through provision of better-quality healthcare services, expand the knowledge and capacities of health care providers, and promote the use of data and digital solutions for health system strengthening.

## **Our Principles**

---

Our company follows the principles of shared vision, quality results, integrity, and an attitude of hope and respect. These values form the cornerstone of our organizational ethos, guiding our endeavours towards excellence with a collective vision, unwavering integrity, and a positive, respectful attitude.

# Background

---

Under the broader objective of health system strengthening, I-TECH India works closely with the National AIDS Control Organization (NACO), Ministry of Health and Family Welfare (MoHFW), Government of India (GoI) to support the implementation of the National AIDS Control Programme (NACP) in achieving the 95-95-95 goals in the country. Major I-TECH strategies in India includes providing technical assistance (TA) and support to HIV care and treatment services and scaling up program interventions, capacity building of healthcare workforce, data system strengthening, data quality improvement, and program implementation support at national level (to NACO) and at state level (to State AIDS Control Society - SACS).

I-TECH India was supported by the University of Washington, Seattle, USA and Health Resources and Services Administration (HRSA) under PEPFAR in the reported year. I-TECH India partnered with the Centres for Disease Control and Prevention (CDC) India for supporting the National AIDS Control Programme (NACP) in the country.

# Highlights of the Year

---

During the year, I-TECH India's primary emphasis was on offering **technical assistance to NACO** for capacity building of health care workers engaged in providing health services for HIV/AIDS.

The year was crucial in terms of the organisational restructuring due to project transition. As a result of the restructuring, the team strength was reduced and reorganised. Under the new priorities, the focus was on providing direct technical assistance to National AIDS Control Programme for **strengthening capacities of health care workers** engaged in provision of treatment services.

Alongside the provision of the technical services, the team was also engaged in transition related activities. The key interventions undertaken by the team included capacity building of healthcare staff through physical and **distance learning seminars**, and technical assistance to NACO in various program activities, national reviews, and in preparing **technical documents** for improving clinical and programmatic indicators for quality patient care.

This document provides glimpses of the key highlights of the year during the period October 2022 - September 2023.

# Key achievements of the Year

1

Conducted **14 national and 96 regional distance learning seminars** for building capacities of the healthcare workers under NACP.

2

In collaboration with the **University of Washington**, four online courses were offered, reaching to 166 public health professionals.

3

Conducted **team training for ART medical officers, staff nurses and counsellors** on HIV care: 48 master trainers from 21 states and 101 participants from Delhi ART centres.

4

**Trained ART Counsellors in Nagaland** on “Enhanced Adherence Counselling and Soft skills”: 18 counsellors.

5

**Prepared technical documents** for patient literacy and awareness.

6

Prepared and disseminated **Handbook for HIV and STI counsellors**, for comprehensive care of those ‘infected’ and ‘affected’ by HIV/STI.

7

**Supportive supervision** and on-site mentoring support to ART centres in Delhi.

8

Compilation and validation of the **National ART directory** of 700+ ART centres.

# Distance Learning Seminars

I-TECH India conducted distance learning seminars on various thematic areas and technical topics.

## Thematic areas:

- HIV-TB coinfection in children
- TB Preventive Treatment
- Introduction of DTG-10 mg (scored & dispersible) for CLHIV weighing <20 kg
- Case-based discussions on ART initiation
- Prevention and management of diseases associated with aging
- Disseminating learning from patient-centric models
- Enhanced adherence counselling and SACEP

## Sessions and Beneficiaries:

**14 National Distance Learning Seminars (NDLS)** were conducted by national technical experts, which were attended by a total of **14,997 participants**.

**At regional level, a total of 96 seminars** (regional distance learning seminars - RDLS) were conducted with a total participation of **32,591**.

The screenshot shows a Zoom meeting interface. The main content is a presentation slide titled "Prescription" with the following text:

- 6 year old, weight 13kg, male child, Hb-8g/dl, CD4-500cells/mm3,  
**AL + DTG 10: AL 60/30mg - 2.0 tablets twice a day+ DTG 10mg-2.0 tab once a day, hematinic syrup**
- 7 year old, weight 19kg, female child, Hb-9g/dl, CD4-300cells/mm3, No OI  
**AL + DTG 10: AL 60/30mg – 2.5 tab twice a day+ DTG 10 mg 2.5 tabs once a day, Tab Cotrimoxazole SS one tab once a day, Tab F/S F/A one tab once a day**
- 3 year old, weight 09 kg, male child, Hb- unavailable, CD4-400cells/mm3, No OI  
**AL + DTG 10: AL 60/30mg - 1.5 tablets twice a day+ DTG 10mg -1.5 tab once a day, Syrup Co-trimoxazole 5ml once a day**
- 4.5 months old infant diagnosed HIV infected, weight-4kg, No OI

To the right of the text is a medication schedule table:

Drug Information	1-2	3-4	5-10	11-15	16-20	21-25	26-30	31-35	36-40
ABZ07C 12000 mg scored dispersible tablet	1	1	2	2	2	2	2	2	2
ABZ07C 30000 mg tablet	1	1	1	1	1	1	1	1	1
ABZ07C 1800mg tablet	1	1	1	1	1	1	1	1	1
AZT07C 3000 mg tablet	1	1	1	1	1	1	1	1	1
LPV10020 mg/ml syrup	1 ml	1 ml	1.5 ml	1.5 ml	2 ml	2 ml	2 ml	2 ml	2 ml
LPV10025 mg tablet	2	2	3	3	4	4	5	5	5
LPV10025 mg tablet	2	2	2	2	2	2	2	2	2
RTV 100 mg tablet for super boosting	1	1	1	1	2	2	2	2	2
EFV 200 mg tablet	-	-	1	1	1	1	1	1	1
EFV 400 mg tablet	-	-	-	-	-	-	-	-	-
DTG 10 mg dispersible tablet	1	1	1	1	1	1	1	1	1
DTG 10 mg scored dispersible tablet	1	1	1	1	1	1	1	1	1

The Zoom interface shows participants: Sweta Patil, Kiran I-TECH India, Vinoda Bawdekar, and ART CENTRE Tumkur. The meeting chat shows messages from DR KRUTHI P R Davangere to Everyone and ART Plus Center to Everyone.

## Professional Development through University of Washington (UW) courses

I-TECH India is a **registered site in the country** for offering UW online courses to public health professionals and students, public health administrators, specialists, clinicians, programme managers, and healthcare facility staff from public health organizations.

**166 healthcare professionals** from various public health organisations/institutions at national and state level participated.

### UW Courses offered:

- Leadership & Management in Health (LMIH)
- Clinical Management of HIV (CMH)
- Global Mental Health
- Project Management in Global Health
- Fundamentals of Implementation Science
- Policy Development & Advocacy for Global Health

## Training of ART staff on HIV care

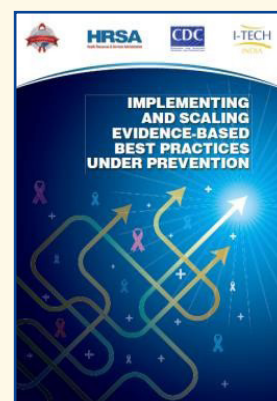

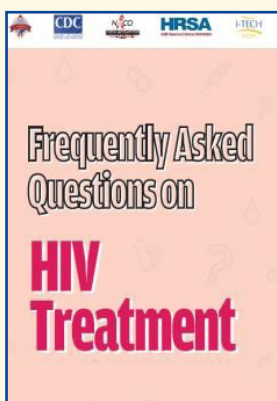

- I-TECH India supported NACO in organizing two-day **regional training of trainers (ToT) on the Capsular (team) training** for the Antiretroviral Treatment (ART) centre staff (medical officer, staff nurse and counsellor) on HIV care, to promote peer participation and cross learning. **48 master trainers** from 21 states (north and east regions) were trained in two batches, who shall subsequently train the ART staff of their respective states.
- In Delhi **two ART capsular trainings** were organized and a total of **101 participants**, from the ART centres and the District AIDS Prevention and Control Units (DAPCUs) participated.
- In Nagaland, a training on **“Enhanced Adherence Counselling and Soft Skills”**, was conducted for the counsellors working in the ART centres. A total of **18 ARTC counsellors** were trained through interactive and participatory methodologies.

## Development of technical documents for patient literacy

During the year, various technical documents were developed for patient literacy and awareness. These documents were based upon program interventions and activities.

- **FAQ on HIV Treatment**
- **FAQ on Index Testing**
- **Implementing and scaling evidence-based best practices under prevention**

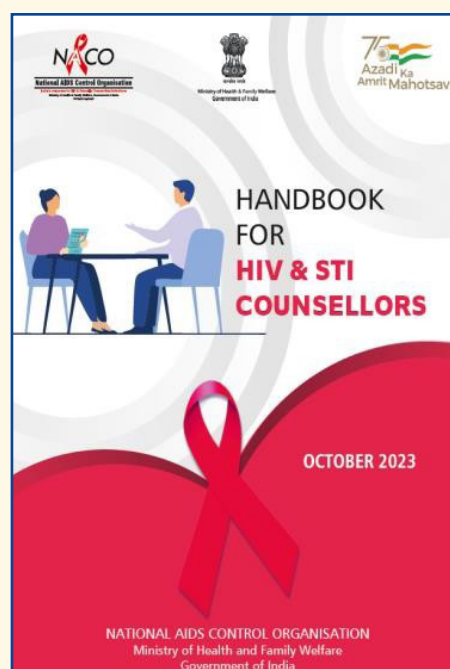

## Development of Handbook for HIV and STI Counsellors

I-TECH India was part of the national working group (NWG) in preparing the **Handbook for HIV and STI counsellors** which serves as a comprehensive guide and reference manual in providing comprehensive, complete, and quality care to all individuals 'infected' and 'affected' by HIV/STI.

Additionally, I-TECH team actively participated in the pilot training conducted for NACP counsellors, jointly organized by NACO and the Haryana State AIDS Control Society.

The handbook aims to provide the necessary knowledge, skills, and resources to all counsellors, helping them to effectively contribute to the prevention and management services for HIV/AIDS and STIs.

## Supportive Supervision

Under NACP, Supportive Supervision of ART centres aim to see the quality of services offered to the PLHIV, and their conformity to the national guidelines, to identify problems and take corrective actions for improved programme indicators.

I-TECH India provided supportive supervision and on- site mentoring support to the ART centres in Delhi. The activities during these visits focussed on desk review and support for capacity building of the ART centre staff. A digital tool for supportive supervision was also developed, focusing on creating a real time dashboard which will offer recommendations and suggest follow- up actions to enhance the effectiveness of the program.

## Preparation of National ART Directory

I-TECH India compiled and validated the National ART Directory which includes state-wise list of 700+ ART centres, involved in providing care and treatment services <https://naco.gov.in/documents/details-service-facilities>

State	District	Name of the ART Centre	ART Code	Email ID of ART	Name of contact person	Contact no.	Address

## Technical support for National review meeting on care, support, and treatment

I-TECH team provided support to NACO in organizing the national review on care, support, and treatment for all states.

Technical support was provided for data analysis based on standardized template, suggesting recommendations, and documenting the meeting minutes.
